Column addition with regrouping

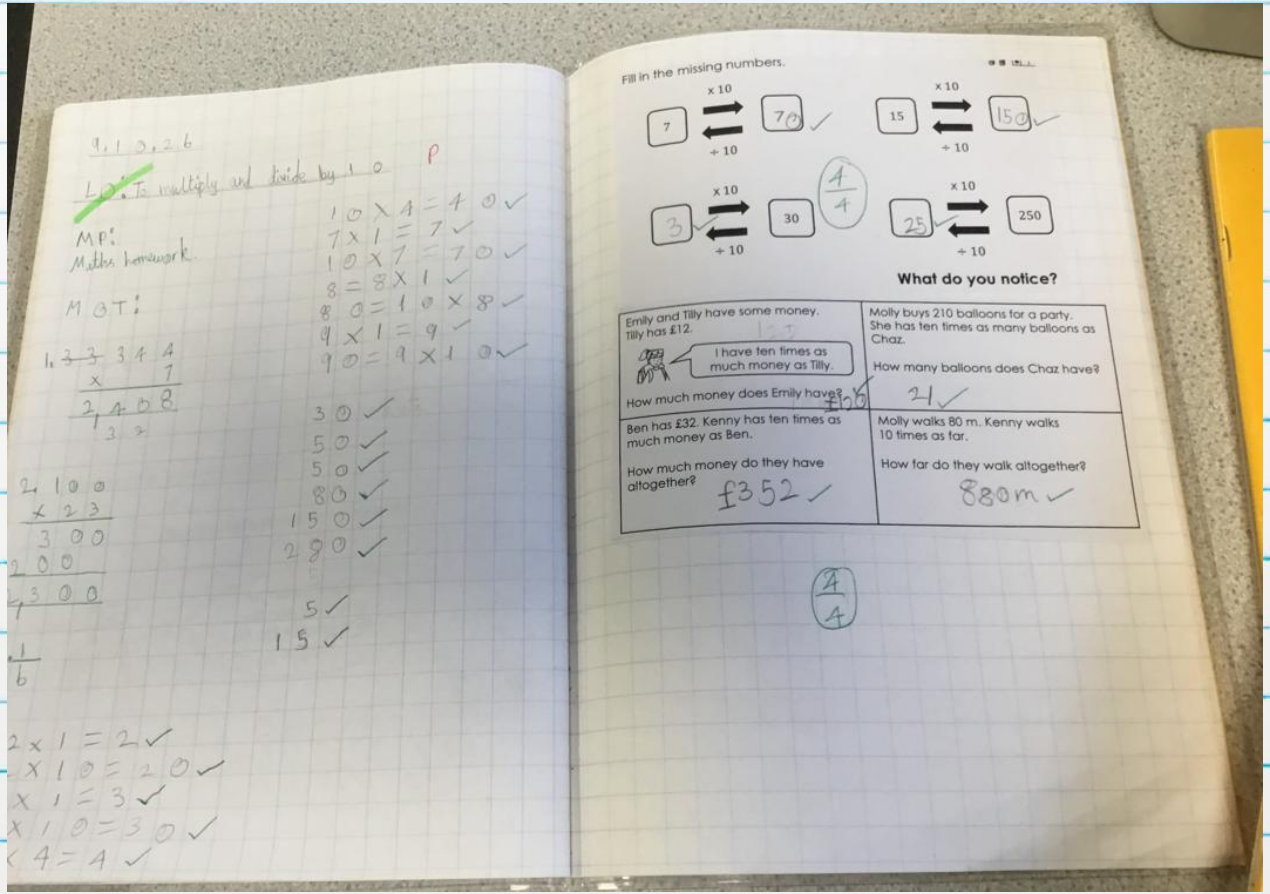

Check the equations in the table using column addition and place value counters. Create your own equation for each category.

Regrouping occurs only in the tens column True or false?	**3,072 + 4,894 = 7,966** 3072 +4894 7966
Regrouping occurs in the tens and hundreds column True or false?	**5,675 + 2,852 = 8,527** 5675 +2852 8527
Regrouping occurs in two columns True or false?	**6,738 + 1,957 = 8,695** 6738 +1957 8695
Regrouping occurs in three columns True or false?	**4,596 + 4,925 = 9,521** 4596 +4925 9521
Regrouping in one column causes regrouping in the next True or false? ✓	**5,264 + 3,786 = 9,050** 5264 +3786 9050 11

Draw it!

Draw a pictorial representation of 3,886 + 4,967.

Jessica

Friday 9th October

LO: To write a powerful description. Pg 29

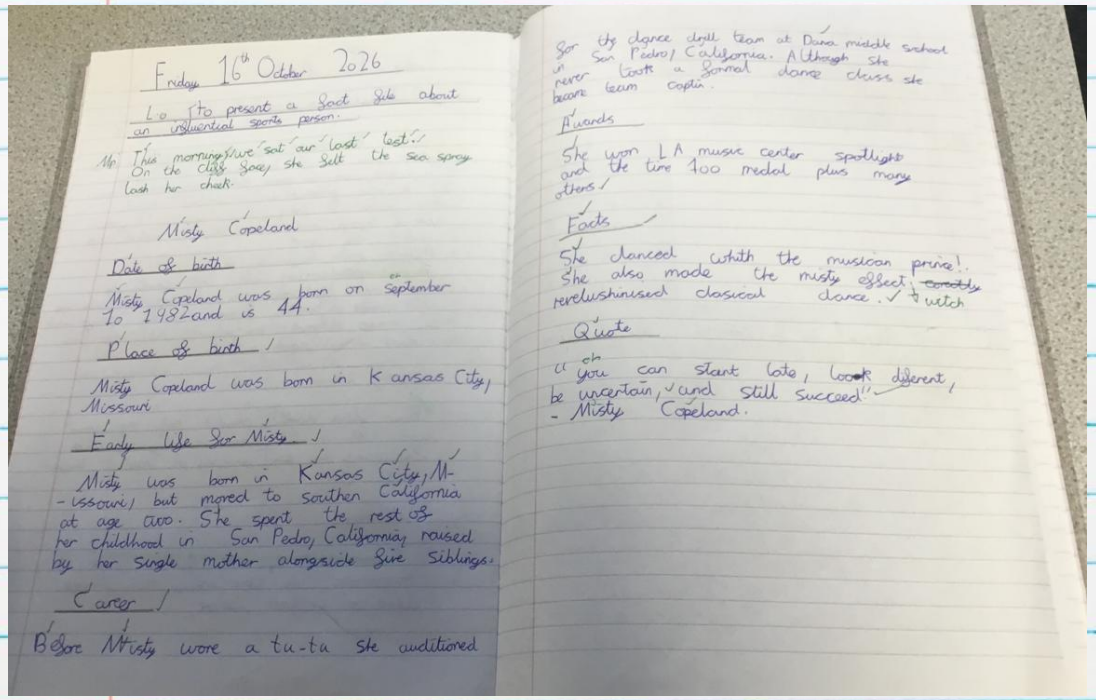

Description:
The wind was so powerful it nearly knocked Beats & wame, off back.

Action:
Splash! splash! splash! We bounded into gigantic puddles of water. With splashed all over me making me shiver and giggle with laughter till my sides ached.

Dialogue:
"Beat, slow down!" April shrieked as she sprinted after him sorely straining her ankle so badly it felt like it was going to fall off.

Where:
From high up on Beats back, I could see the tipsy top off the cabin at the same time seeing dad go into his weather cabin.

L.o. To present a fact file about an influential sports person.

Mp This morning we sat our last last. On the cliff face, she felt the sea spray kiss her cheek.

Misty Copeland

Date of birth

Misty Copeland was born on September 10 1982 and is 44.

Place of birth

Misty Copeland was born in Kansas City, Missouri

Early life for Misty

Misty was born in Kansas City, Missouri, but moved to southern California at age two. She spent the rest of her childhood in San Pedro, California, raised by her single mother alongside five siblings.

Career

Before Misty wore a tu-tu she auditioned for the dance drill team at Dana middle school in San Pedro, California. Although she never took a formal dance class she became team captin.

Awards

She won LA music center spotlight and the time 100 medal plus many others.

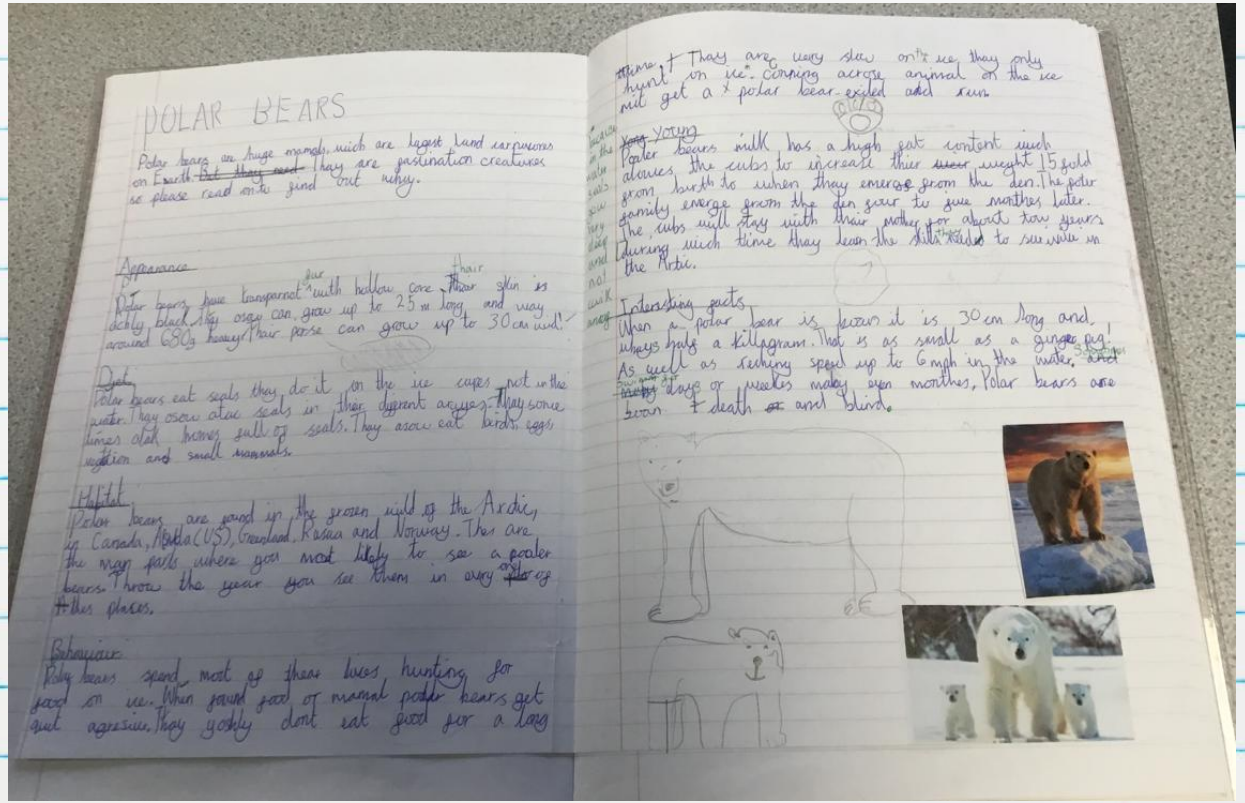

Facts

She danced with the musican prince. She also made the misty effect ~~crackly~~ revelushinised classical dance. ✓ witch

Quote

"you can start late, look different, be uncertain, and still succeed."
- Misty Copeland.

VERITY

POLAR BEARS

Polar bears are huge mamals which are biggest land carnivores on Earth. But they need they are destination creatures so please read on to find out more.

Appearance

Polar bears have transparent with hollow core their skin is dickly black. They asaw can grow up to 2.5 m long and way around 680g heavy. Their paws can grow up to 30 cm wide.

Diet

Polar bears eat seals they do it on the ice caps not in the water. They asaw atack seals in their dyerent aryes. They some times dark brown spells of seals. They asaw eat birds eggs walrus and small mammals.

Habitat

Polar bears are found in the frozen wild of the Arctic in Canada, Alaska (US), Greenland, Russia and Norway. They are the main parts where you most likely to see a polar bears. I know the years you see them in every of the places.

Behaviour

Polar bears spend most of their lives hunting for food on ice. When found food of mamal polar bears get quit agressive. They usually dont eat food for a long [illegible] of. They are very slow on ice they only hunt on ice. Coming across animal on the ice will get a polar bear excited and run.

Young

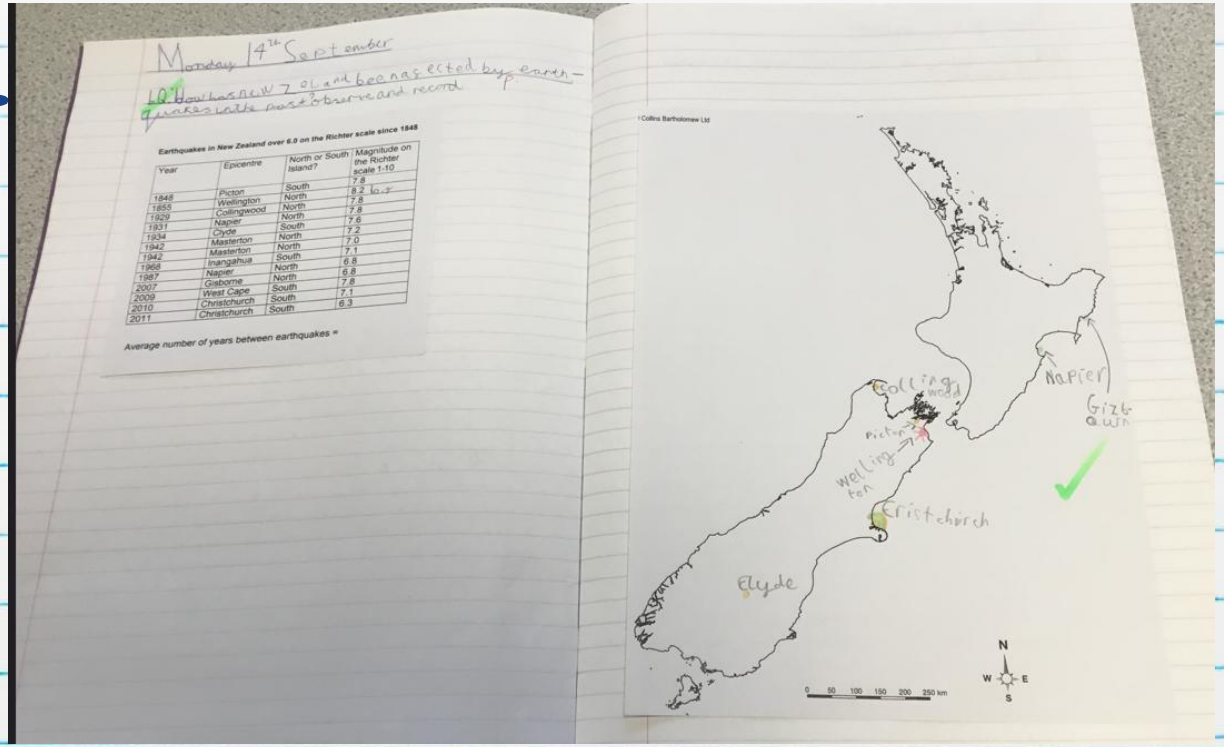

Polar bears milk has a high fat content much abouve, the cubs to increase their weight 1.5 pound from birth to when they emerge from the den. The polar family emerge from the den year to two months later. The cubs will stay with their mother for about two years during much time they learn the skills need to survive in the Arctic.

Interesting facts

When a polar bear is becon it is 30 cm long and weighs only a kilogram. That is as small as a guinea pig! As well as reching speed up to 6 mph in the water, and [illegible] days or weeks maby even months, Polar bears are born of death or and blind.

DIGITAL
LEADERS
Welcome to the Digital Leaders' Monthly Newsletter!
This month we have lots of tips for you all about keeping your passwords safe.
Why are passwords important?
Passwords keep your accounts safe and secure.
When do we use passwords?
We use passwords any time we log in to a device or an account.
Don't tell anyone your password!
Keep your passwords a secret.
Change your password regularly.
If someone guesses your password they won't be able to get access to your account.
Tips for a strong password
Make your password 16 characters long
You could combine 3 random words
Make it something hard to guess
Don't use pet names or birthdays
Mix uppercase and lowercase letters
Include numbers
