

Dear Parent, Carers and Students,

On behalf of Warwickshire Music, I would like to congratulate all year 3 and 4 learners at Eastlands Primary School for their enthusiasm and progress during this year of Keyboard Whole Class Instrumental Teaching.

Learning an instrument can lead to fantastic achievements, the learners should be proud of how much they have learned thus far but also look ahead to how this opportunity could develop.

For many, this is just the beginning of a wider musical journey. Continuing to learn an instrument not only allows students to develop their all-round musical skills but also to build confidence and discover new musical interests. There are many studies showing that learning an instrument enhances many pupils' academic development and supports greater motor skills. With continued learning, students often find greater enjoyment and motivation as their musical journey develops.

If your child has enjoyed learning an instrument this year, there are several opportunities for you to consider at East Warwickshire Music Centre, Rugby Free Secondary School, Anderson Avenue, Rugby, CV22 5PE.

To assist you with your decision making, I have put a QR code as well as the web address for Warwickshire Music.

Thank you for supporting your child's musical learning — we hope that your son/daughter will continue with their music making journey at our Music Centre in September.

Yours sincerely,
Claire Voss
