Mrs Warrington
Headteacher

07/07/26

Dear Parents/Carers,

We are writing to make you aware of the arrangements for this year's **Year 6 Bake-Off Competition**.

This year's theme is: **Sport**. This year, we would like all cake sponges to be baked at home and be brought into school on **Wednesday 15th July 2026**. As the children will be judged on their creativity skills, we would like all decorating of the cakes to take place in school. This will take place on Wednesday morning.

For this competition, the children can work independently or they can work with a partner. If they are working in pairs, they can share the ingredients and decorations required. (Please ensure that if your child is in a partnership, that they are aware of their partner's dietary requirements.)

Additionally, please remember to bring bowls and utensils needed for decorating.

Possible Equipment list:

Mixing bowl(s)

Wooden spoons

Piping bags

Palette knives

A container to bring the cake home. (or half of the cake if working with a partner)

Possible Decorations:

For the decoration of their cakes, the children should bring in a variety of ingredients such as:

Icing

Sprinkles

Fruits

Chocolate,

or anything they think that is suitable to create their chosen sport design.

It is imperative that you do not include any nuts in your recipes, as we are a nut-free school. Also, children should not share ingredients as many children have different dietary needs. We would like to make sure that all participants can enjoy the event safely.

We are looking forward to seeing the sport designs the children will create. The competition will be judged by Mrs. Warrington on Wednesday afternoon.

'Good Luck' to all of Year 6.

Mrs Hope
